Aspiring Software Engineer with full-stack development experience. Passionate about building innovative applications that solve real-world problems. Eager to learn, collaborate, and contribute to impactful software solutions.

Skills

- Python
- Java
- SQL
- MongoDB
- React.js
- Git
- Express.js
- FastAPI
- OpenCV

Work History

Software Engineer Intern

Dec- 2025- current

Bigfat AI- Noida

- Build full-stack apps with a Python FastAPI backend and React front end, with clean and reliable APIs.
- Create server-side features that handle data, logic, and databases while working in a team using version control and reviews.

Projects

AI Proctor System

- Developed automated monitoring system detecting face anomalies, head movements, multiple persons, and prohibited objects using OpenCV, Mediapipe, and YOLO, reducing manual supervision by 70%.
- Built admin dashboard with real-time violation tracking, leaderboards, and manual flagging capabilities with MongoDB logging.

Linked List Visualizer (React.js, JavaScript, HTML/CSS)

- Built interactive visualization tool for linked list operations (insert, delete, search) with real-time animations using React state management
- Designed modular architecture enabling seamless extension to additional data structures.

Personal Portfolio Website (React, Vite, Tailwind CSS, Framer Motion)

- Developed responsive portfolio with complex UI animations using Framer Motion and custom Tailwind CSS dark-mode design.
- Integrated serverless contact form with Web3Forms for real-time delivery, deployed on Vercel with secure environment management.

Certificate

Node.js (Scaler)

25 - jan - 2026

- Completed Node.js certification from Scaler covering backend development, REST APIs, Express.js, and database integration.

Python (Infosys Springboard)

8- jan - 2025

- Earned Python programming certificate from Infosys Springboard with focus on core concepts, data structures, and application development

Education

Bachelor of Technology

2024- 2027

GLA University - Mathura

Gyan Deep Shiksha Bharati

2023

Mathura (CBSE)-XII
